

WOODFORD COUNTY

Illinois River Open Space ADOPT-A-LOT

THE ACQUISITION PROJECT

Properties along the Illinois River in Woodford County were acquired with funding from and with the assistance of the Federal Emergency Management Agency (FEMA), the Illinois Emergency Management Agency (IEMA) and the Department of Commerce and Economic Opportunity (DCEO). This voluntary program is designed to reduce further damage by flooding to floodprone areas.

WHAT NOW?

Acquisition of the property comes with a restrictive covenant - the properties must remain as dedicated open space in perpetuity and "no new structures or improvements shall be erected on the property..." However, compatible uses with open space, recreational, or wetland management practices; such as parks, nature reserves, unimproved parking lots are permitted. Woodford County would like to see the vacant lots being used by and for the benefit of its citizens.

WHO CAN ADOPT A LOT?

Anyone may participate. The Adopt-a-Lot program allows permitted residents to enter a property for the purpose of mowing and keeping the lot free of debris. No insurance is required and no fees are involved. By entering into an agreement with the County, residents would have opportunities as individuals or as a community group to beautify and enhance their neighborhood without the burden of taxes or other financial obligations that come with ownership.
